

Hackathon Day 3

This is my day 3 task "It's better to be late than never!"

Sharing my progress and learnings from today's hackathon journey.
Sometimes, what matters most is showing up, even if it's a little
late. Let's keep building and growing!

STEP : 1

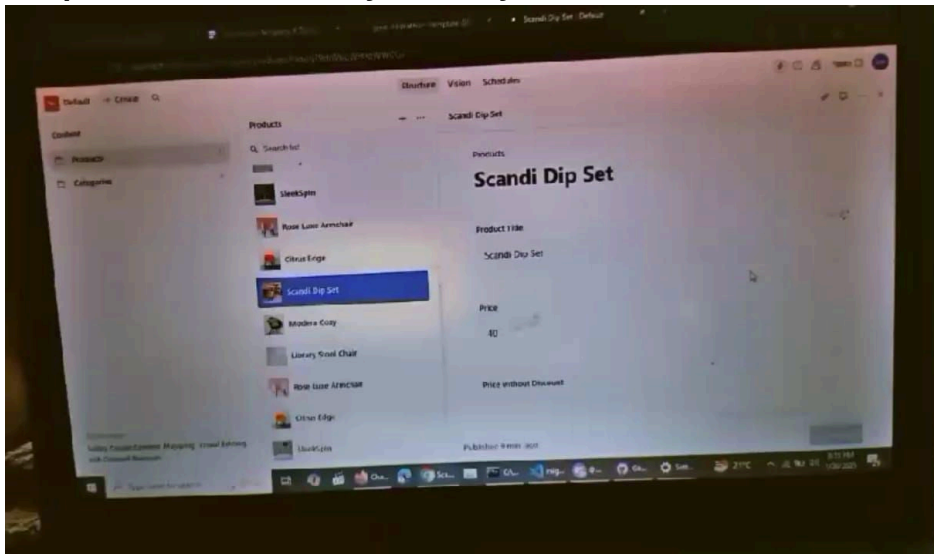

First I am integrate sanity into my next.js project

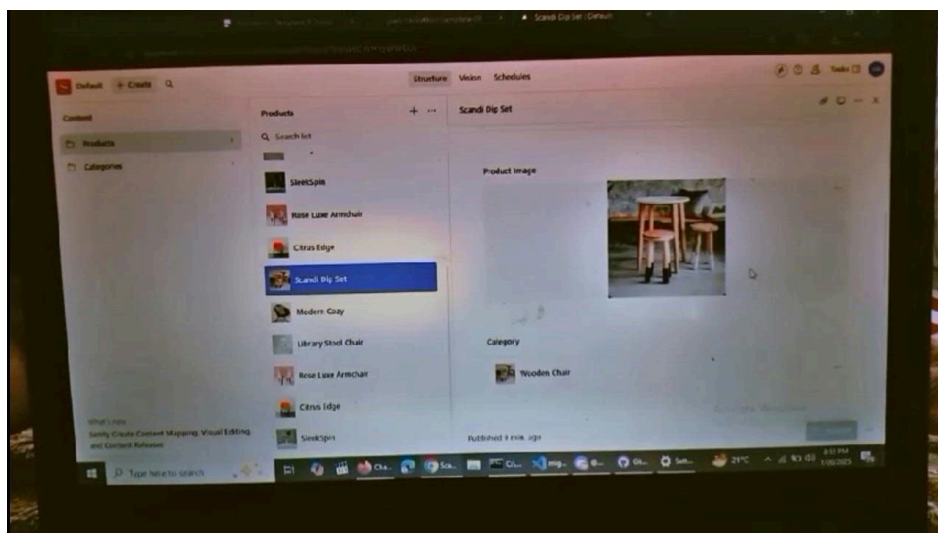

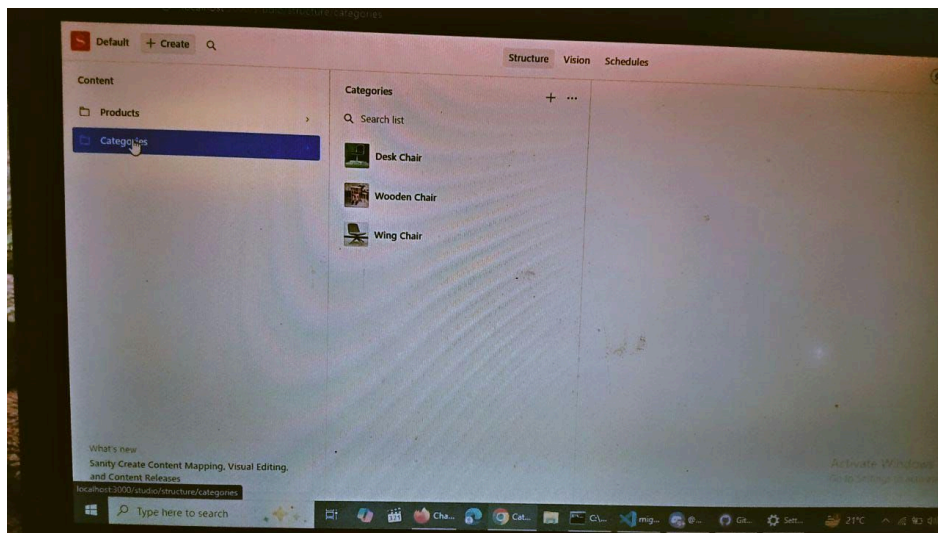

STEP : 2

Then create a schema for my sanity studio

STEP : 3

Import data successfully in sanity studio

STEP : 4

Finally achieved my milestone fetching data in sanity studio
